We have planned a new whole school topic for this term. This will make it easier for families with more than one child to work together. English and Topic tasks will be age appropriate for your children but will all be linked to the same theme.

Some of the tasks on the learning menu will be supported by power points and activity sheets. You can view these and present work in your own way. If there are a few essential sheets that you would like printed copies of these will be in left in the main school entrance for you to collect on the Monday of each week.
